

GOLDEN~WINGED WARBLER ATLAS PROJECT DATA FORM

HYBRID INDEX

Your name _____ ID number _____

State _____ Delorme Atlas Page _____

HYBRID INDEX POINT COUNTS—as you fill in this chart, make sure to locate and mark all points on your Delorme Atlas page (*please include a copy of your atlas page with all 20 points marked clearly on it with your data forms*). In the Site Data section, please write in all habitat codes that apply. Also record the extent of area code that best represents the amount of potential breeding habitat at your site (see codes on bottom of form).

- Please do not count under the following conditions:
- 1) When wind keeps small twigs in constant motion
 - 2) When temperature is below 32 F or above 80 F
 - 3) During any precipitation

BIRD DATA:

SOUTHEAST QUAD

SOUTHWEST QUAD

Count No.	1	2	3	4	5
Date					
Time					
# GWWA seen					
# BWWA seen					
# hybrids seen					

Count No.	6	7	8	9	10
Date					
Time					
# GWWA seen					
# BWWA seen					
# hybrids seen					

SITE DATA:

SOUTHEAST QUAD

SOUTHWEST QUAD

Count No.	1	2	3	4	5
Road name or route					
Elevation (meters)					
Habitat Code(s) (see below)					
Extent of area (see below)					
Is surface water present?					

Count No.	6	7	8	9	10
Road name or route					
Elevation (meters)					
Habitat Code(s) (see below)					
Extent of area (see below)					
Is surface water present?					

HABITAT CODES—

- SHF-shrubby field
- AF-abandoned farm
- SM-abandoned strip mine
- CC-clear cut

SUF-successional forest

- AP-primarily aspen
- UT-utility right of way
- PB-pine barren
- CP-conifer planting

AS-alder swamp

- TB-tamarack bog
- BW-beaver wetland
- WE-other wetland
- OTHER (describe in comments)

EXTENT OF AREA CODES—

- <5 acres, 5-25 acres, >25 acres

-OVER FOR NORTHEAST AND NORTHWEST QUADS-

BIRD DATA:

NORTHEAST QUAD

NORTHWEST QUAD

Count No.	11	12	13	14	15
Date					
Time					
# GWWA seen					
# BWWA seen					
# hybrids seen					

16	17	18	19	20

SITE DATA:

NORTHEAST QUAD

NORTHWEST QUAD

Count No.	11	12	13	14	15
Road name or route					
Elevation (meters)					
Habitat Code(s) (see below)					
Extent of area (see below)					
Is surface water present?					

16	17	18	19	20
